

Your Day Of Painting Checklist

- Do I have my floor covered in plastic sheeting?
- Have I prepared and poured my primer into a paint tray?
- Have I grabbed my paint rollers and brushes for the primer coat?
- Did I properly executed a coat of primer prior to my first coat of paint?
- Washed and dried brushes, rollers and paint tray from primer.
- Let primer dry for 3 – 4 hours.
- While primer has dried, opened my can of paint.
- Stirred my paint with the wooden mixer.
- Properly poured paint into tray well until it's half full.
- Have I gathered my clean rollers and paint brushes?
- Did I grab my roller and roll it back and forth in tray slope?
- Did I pick my first wall to paint and start in the corner?
- Have I completed all four walls with the first coat of interior paint?
- Did I save the trim for the last part of the room to paint?
- Did I paint the trim with an appropriate brush?
